REVISED SEPTEMBER 1972

Undergraduate Study – State Universities in Illinois

THE UNIVERSITIES IN BRIEF

CHICAGO STATE UNIVERSITY

The Chicago State University (CSU) moved in September 1972 to a new, wooded 160-acre campus in a residential area, with classroom, science, physical education, library, and student center buildings containing the newest in facilities and equipment. Bus, train, and rapid transit facilities are convenient to campus. The student body is drawn from the Chicago metropolitan area.

Individualized curricula, University Without Walls program, and honors and intensive educational classes are open to freshmen. Emphasis is on undergraduate teaching; classes are kept small. The university accepts CLEP, advanced placement credits, and sixty-six credit hours from junior college transferees. There is an active intercollegiate and intramural sports program at Chicago State.

Classes are also offered at St. Xavier College, Lewis College, and twenty-one extension locations. West Center, 500 North Pulaski Road, offers elementary education and psychology courses in day and evening classes.

EASTERN ILLINOIS UNIVERSITY

The primary role of Eastern Illinois University (EIU) is to offer a strong, comprehensive undergraduate program in liberal arts and sciences and in professional areas.

In a major organizational change, Eastern switched from the quarter system to the early semester calendar, effective September 1973. Under this plan, the first semester will begin in late August and end about December 21. The second semester will run from about January 15 to May 15. The early semester calendar is today the most popular calendar among U.S. colleges and universities.

Eastern's athletic program is diversified, offering competition in eleven intercollegiate sports. National championships have been earned recently in gymnastics, cross country, and soccer.

The main campus includes 316 beautifully landscaped acres and thirty-five major buildings. Eastern is located on the Lincoln Heritage Trail and the area is rich in Lincoln lore.

GOVERNORS STATE UNIVERSITY

Now operating in temporary facilities, Governors State University (GSU) is an upper division commuter institution (for juniors, seniors, and graduate students) and is scheduled to open its permanent campus in September 1973. GSU is mandated to serve community educational needs and to respond to student needs and to the community it serves. Offering experimental programs, the GSU mission is to be open, humane, and attractive to a diversified student body that wishes to try new approaches to higher education.

Four colleges offer educational programs leading to B.A. and M.A. degrees: College of Business and Public Service; College of Cultural Studies; College of Environmental and Applied Sciences; and College of Human Learning and Development. The objectives are job efficiency, functional citizenship, intra- and interpersonal relationships, and cultural expansion. Six eight-week sessions concentrating on a few courses per session make up a GSU calendar year.

ILLINOIS STATE UNIVERSITY

Illinois State (ISU) is a medium-sized university which thinks the undergraduate student is important. It is located at the crossroads of the state — halfway between Chicago and St. Louis, halfway between Peoria and Champaign — in Normal. Although most students are from Illinois, residents of most other states and thirty-nine different foreign countries are also enrolled.

Illinois State is known for its warmth and friendliness. It's big enough to have a wide variety of programs, but not so big that students are anonymous. The campus is beautiful. The natural landscaping and trees have been preserved. Most campus buildings have been built since 1960. The main campus spreads over approximately 75 acres.

NORTHEASTERN ILLINOIS UNIVERSITY

Northeastern Illinois University (UNI) is a commuter college on the northwest side of Chicago at Bryn Mawr and St. Louis avenues. With its history as an outstanding teachers' college, Northeastern is very much involved in teacher education with programs in elementary, secondary, and special education. The College of Arts and Sciences offers bachelor and master degree programs in the humanities, sciences, and fine arts.

On campus facilities include the six story administration building ("the beehive") which is connected by walkways to wings containing classrooms, lounges, meeting rooms, an auditorium, a little theatre, dual gymnasium with pool, health center, library and commuter center. A new science building and a new classroom building are now in use. In addition, Northeastern maintains several off-campus field centers. The University Without Walls program also is available at Northeastern.

NORTHERN ILLINOIS UNIVERSITY

The 417-acre main campus of Northern Illinois University (NIU) is located in DeKalb, an industrial-farming community of about 30,000 people, 60 miles west of Chicago. The university opened in 1899. Northern is accredited in all of its degree programs (baccalaureate through doctorate) by the North Central Association of Colleges and Secondary Schools. There are more than 1,300 full-time faculty members; over half have earned the doctorate degree.

The northern twenty-two counties of the state contribute over 90 percent of the undergraduates. Academically, Northern's undergraduates are excellent students, shown by the 1971 freshman class profile. The mean class rank for entering freshmen for fall 1971, was the 74th percentile of their high school graduating class; their mean ACT composite score was 24.

SANGAMON STATE UNIVERSITY

Sangamon State University (SSU) was the first two-year upper division university established in Illinois — providing education for juniors, seniors, and graduate students only. Committed to educational innovation and the world in which we live and work, the university's hallmark is public affairs

Public affairs at Sangamon State means not only preparation for public service but a group of studies which bridges higher learning with social needs and problems. Every student, regardless of his professional goals, takes time to study the difficult questions facing our society. Each undergraduate student participates in an *applied study quarter* during which the student works full-time in an off-campus experiential learning activity related to his career goal. Academic credit is given for this experience.

The university is located in the capital of the state, Springfield, on a campus site of 740 acres adjacent to scenic Lake Springfield. The fall term 1972 marked the beginning of its second year; enrollment is now at 1,600.

SOUTHERN ILLINOIS UNIVERSITY AT CARBONDALE

Carbondale is located in the southern tip of Illinois in some of the most picturesque terrain in the state. The area, noted for large peach and apple orchards, numerous parks and lakes, and a "southern" climate, is readily accessible by all major means of transportation. The original campus is now completely surrounded by a sprawling, modern campus of 140 buildings. Beautifully landscaped facilities vary in size, style, and purpose from a circular, multipurpose arena seating 13,000 to a permanent beach house on the 40-acre, spring-fed campus lake.

Charged by the state to be a comprehensive institution, Southern Illinois University (SIU-C) currently offers seventeen different academic degrees in nineteen two-year programs, and over 100 bachelor's and master's degree programs. Numerous academic programs and activities are balanced with various student services and an athletic program which has gained national acclaim.

SOUTHERN ILLINOIS UNIVERSITY AT EDWARDSVILLE

Southern Illinois University dedicated its second major campus at Edwardsville (SIU-E) in 1965. It is located on 2,600 acres of rolling prairie and wooded valleys along the bluffs flanking the Mississippi River southwest of Edwardsville. Although the main campus is located at Edwardsville, there are also centers in Alton and in East St. Louis, Illinois. These sites within 20 miles of the main campus serve somewhat different functions. The Alton and East St. Louis centers offer courses for the first two years of university work and special programs. The Alton center, in addition, houses the School of Dental Medicine.

SIU-E is a commuter campus and about 95 percent of its students live off campus. Automobiles must be registered with the University Security Office.

UNIVERSITY OF ILLINOIS AT URBANA-CHAMPAIGN

The University of Illinois at Urbana-Champaign (UI-UC) opened its doors on March 2, 1868, in one building with fifty students. Today its campus comprises 667 acres with 172 major buildings and a student body of more than 32,000 — the largest enrollment of any state university in Illinois.

Several outstanding facilities provide the setting for meeting the university's three-fold mission of education, research, and service: the university library, largest of any state university in the country; the $21 million Krannert Center for the Performing Arts, with four indoor theatres, rehearsal rooms, scenery and costume shops, and seminar and conference rooms; the Assembly Hall, with a seating capacity of over 16,000 for such events as concerts, operas, ice shows, and basketball games; and the nationally recognized Computer-based Education Research Laboratory, making computer-assisted education a reality.

The resources of the University of Illinois enrich the educational opportunities for each of its students.

UNIVERSITY OF ILLINOIS AT CHICAGO CIRCLE

The University of Illinois at Chicago Circle (UI-CC) opened seven years ago as the successor to the Chicago Undergraduate Division. This division was established by the University of Illinois in 1946 to accommodate men and women returning from the armed forces.

The present 118-acre commuter campus now provides educational facilities for about 18,000 undergraduate and 1,600 graduate students. It is located on the southwest corner of the intersection of the Eisenhower, Kennedy, and Dan Ryan expressways and takes its name from this cloverleaf, known as the Chicago Circle.

To facilitate movement of large groups of students, the campus focuses on a lecture center whose roof provides a central "great court" connected by second floor walks to classroom and laboratory buildings, parking areas, and several Chicago Transit Authority stops. Offices, seminar rooms, and laboratory facilities are in high-rise buildings near the campus center.

UNIVERSITY OF ILLINOIS AT THE MEDICAL CENTER

The University of Illinois at the Medical Center (UI-MC) is part of the Medical Center district on Chicago's near West Side, one of the largest medical centers in the world. The campus is composed of teaching, research, and patient-care units, and has a close working relationship with adjacent medical institutions such as Cook County Hospital and West Side Veterans Administration Hospital.

The University of Illinois Hospital includes a general hospital, an orthopaedic unit, the Neuropsychiatric Institute, and the Illinois Eye and Ear Infirmary. The hospital is closely affiliated with the Colleges of Medicine, Nursing, Pharmacy, and Dentistry to provide clinical experience for students at all levels.

A student must have at least one or more years of college work before being considered for any of the programs at the Medical Center campus, except Dental Assisting which accepts students directly from high school.

WESTERN ILLINOIS UNIVERSITY

Western Illinois University (WIU) in Macomb offers bachelor's and master's degrees in the Colleges of Applied Sciences, Arts and Sciences, Business, Education, Fine Arts and Health, and Physical Education and Recreation.

Students should apply for admission early in the fall of their senior year. High-ranking high school students may start their college work at Western in the summer prior to their senior year

Because one of Western's goals is to provide a broad education, a wide range of cultural activities is provided for student participation and enjoyment. Outstanding lectures, concerts, and exhibits by students, faculty, and nationally known personalities are presented throughout the year.

The university high-rise residence halls house over 8,000 students and stand as landmarks on the west central Illinois skyline. They are equipped with the most modern facilities plus dining rooms which overlook Western's beautiful campus.

Undergraduate Admission Information – State Universities in Illinois

UNIVERSITIES ADDRESS, PHONE, AND FALL 1971 UNDERGRADUATE ENROLLMENT	FRESHMAN ADMISSION REQUIREMENTS (For additional information and applications write to the Office of Admissions and Records at the university address listed in column 1.)	TRANSFER ADMISSION REQUIREMENTS (For additional information and applications write to the Office of Admissions and Records at the university address listed in column 1.)	DATES FOR FILING APPLICATIONS ADMISSION	DATES FOR FILING APPLICATIONS FINANCIAL AID	COST PER SCHOOL YEAR BASED UPON 1972-73 FIGURES (Subject to change without notification) TUITION AND FEES	ROOM AND BOARD (per academic year)	ESTIMATED ADDITIONAL EXPENSES (per academic year)	ESTIMATED TOTAL BUDGET (per academic year)
CHICAGO STATE UNIVERSITY 95th Street at King Drive Chicago 60628 (312) 224-3900 Men: 1,072 Women: 2,073	Graduation from a 4-year high school recognized by the state superintendent of public instruction. Rank in upper ½ of high school class. Meet ACT score minimums set by the university. Although no special pattern of high school courses is currently required, it is recommended that applicants present a well-rounded program that will prepare them to complete a college program.	Overall "C" or better average on all previous college work. Applicants who have completed less than 30 hours must meet the freshman requirements in addition to presenting a minimum "C" average. Transfers must submit transcripts from all colleges previously attended.	Freshmen: applications accepted beginning September 15 of senior year in high school. Deadline: May 1 Late application will be considered only after applications filed before May 1 have been processed. Transfers: applications accepted after beginning of last term before desired entry date. Deadline: June 30	Deadline: May 1	$611.00 for two sixteen-week semesters and one eight-week term (in-state). $1,668.50 for two sixteen-week sessions and one eight-week term (out-of-state).	No university housing provided; 100 percent commuter institution.	Books $ 165.00 Home maintenance and miscellaneous 1,050.00	$1,826.00 Out-of-state add $1,057.50
EASTERN ILLINOIS UNIVERSITY Charleston 61920 (217) 581-2021 Men: 4,120 Women: 4,670	Upper ½ of high school class admitted any quarter. Lower ½ of high school class admitted any quarter with ACT composite of 22 or higher. Upper ½ of high school class admitted for summer with full continuance permitted if retention requirements are met.	Good standing at last institution attended and in good standing according to EIU's academic regulations. An applicant must have completed a minimum of two terms of credit or be eligible on the basis of high school rank or ACT scores.	Freshmen: applications accepted after completion of sixth semester. Deadline: March 1 Transfers: applications accepted one year before desired entry date. Deadline: August 7 Earlier closing dates may be announced when enrollment quotas have been filled.	Preference given to those applicants whose aid file is completed prior to March 1. After that date all files will be processed in order of receipt until funds are exhausted.	$691.25 for three quarters (in state). $1,427.25 for three quarters (out-of-state). Includes tuition, health service, athletics, concerts, newspaper, yearbook, student union, major medical insurance, book rental.	$1,035.00	Books and supplies $ 60.00 Clothing 215.00 Personal expenses 250.00 Sunday night meals 50.00 Transportation 75.00 Miscellaneous 25.00	$2,401.25 Out-of-state add $736.00
GOVERNORS STATE UNIVERSITY Park Forest South 60466 (312) 563-2211 Men: 273 Women: 172	Senior university; admissions limited to juniors, seniors, and graduate students.	Sixty semester hours or 90 quarter hours of at least "C" credit or an A.A. or A.S. degree from a junior college. Ability to enroll additional undergraduate students will double in 1972–73 and 1973–74.	Applications accepted beginning one year before desired entry date. Deadline: first day of instruction for the session the student wishes to enroll.	Applications for fall session should be received by the preceding April 1.	$116.50 per session for eight units (in-state). $327.50 per session for eight units (out-of-state).	No university housing provided.	Books $ 150.00 Travel 320.00	$930.00 Out-of-state add $846.00
ILLINOIS STATE UNIVERSITY Normal 61761 (309) 438-2111 Men: 7,200 Women: 8,694	Upper ⅔ of high school class or comparable ACT composite score. Out-of-state: upper ⅓ of high school class and comparable ACT composite score.	Overall "C" average. Good standing from the last college/university attended full time. Any student who has earned less than 30 semester hours of credit must meet freshman requirements. Community/junior college transfers must present either 60 semester hours of credit or an earned A.A. degree in addition to the above requirements.	Freshmen: rolling admissions; begin after completing junior year in high school. Closing varies. Community/junior college transfers: rolling admissions; begin after completing one full year (30 semester hours). Closing varies. Other transfers: rolling admissions; begin after the last term before desired entry date. Closing varies.	Applications accepted: October 1 Priority deadline: March 1 Applications will be considered after this date if funds are available. These dates apply to all applicants for financial aid.	$585.00 for two semesters (in-state). $1,427.00 for two semesters (out-of-state).	$1,200.00	Books and supplies $ 150.00 Miscellaneous 450.00	$2,400.00 Out-of-state add $850.00
NORTHEASTERN ILLINOIS UNIVERSITY Bryn Mawr at St. Louis Avenue Chicago 60625 (312) 583-4050 Men: 1,683 Women: 3,116	Graduate of an accredited high school. Academic high school program recommended. Upper ½ of high school class and corresponding ACT score. Upper ⅓ of high school class and compensatory ACT score.	Overall "C" average from all colleges attended; good standing at last college attended. Priority to students with A.A. degree or 60 semester hours of credit. Applicants with fewer than 30 semester hours credit must meet freshman admission requirements.	Freshmen: Fall, September 1–April 15 Winter, September 1–November 15 Spring, January 15–March 15 Transfers: Fall, January 15–April 15 Winter, September 1–November 15 Spring, January 15–March 15 Summer (8 weeks), January 15–April 15	Deadline: April 1 for following September	$257.40 per trimester (in-state). $119.00 per summer term (in-state). $680.40 per trimester (out-of-state). $320.50 per summer term (out-of-state). Includes tuition, union, activities, health insurance.	No university housing provided; expenses vary.	Books $ 150.00 Transportation 250.00 Personal and miscellaneous 420.00 Estimated room and board 565.00	$2,018.40 Out-of-state add $957.50
NORTHERN ILLINOIS UNIVERSITY DeKalb 60115 (815) 753-1000 Men: 8,953 Women: 9,009	Upper ½ of high school class and minimum ACT composite of 21. Upper ⅓ of high school class and minimum ACT composite of 19. Minimum ACT composite of 24 for applicants who do not qualify according to above or who earned high school equivalency through the General Educational Development Test (GED). Out-of-state: upper ½ of high school class and minimum ACT composite of 19.	Graduates of Illinois public two-year colleges who hold the associate degree in a baccalaureate transfer program are considered to have junior standing and to have met general education requirements. Otherwise must have an overall "C" average for all college-level courses attempted. Must also be in good standing at the last college attended. The grade-point average (GPA) and good standing must be in accordance with Northern's standards. Applicants who have earned fewer than 45 semester hours of transferable credit must also meet the requirements for admission for beginning freshmen.	Freshmen and transfers. Fall, October 1–July 1 Spring, July 1–January 1 Summer, October 1–May 15 Deadline for freshmen, when quota is reached.	Deadline: May 1	$287.00 per semester (in-state). $614.50 per semester (out-of-state).	$1,160.00 (double room)	Books and supplies (approx.) $ 170.00 Personal expenses 190.00 Travel 120.00	$2,300.00 Out-of-state add $671.00

UNIVERSITY OF ILLINOIS Urbana 61801 (217) 333-1000 Men: 14,203 Women: 8,902	Eligibility determined on basis of prescribed high school subject pattern, and combination of test score and rank in class established for each college and curriculum. Prospective freshmen should consult their high school counselors for current information on minimum requirements for each program. Best qualified selected for programs in which applications exceed quota on first action date (about mid-November). After this date, qualified applicants approved as long as space remains in desired curriculum. Out-of-state top ¼ of high school class only. Except under exceptional circumstances students will not be permitted to change their college until they have completed at least one academic year. High school subjects required: a minimum of 15 units, including 3 units of English and at least 2 units each in algebra and plane geometry in all curricula. Additional specified subjects and other special requirements vary according to pattern applicable to curriculum chosen. (Consult the Admissions Chart in the Undergraduate Study catalog.)	Transfer applicants considered on basis of cumulative GPA which reflects minimum requirement for college and curriculum of their choice. Selection is made on basis of best qualified. Priority given to applicants with 60 semester hours of college parallel course work attempted, but others considered if space are available. Minimum GPA of 2.25 (A = 5) but exceptions for certain colleges may be made if applicant petitions.	Freshmen: applications accepted beginning September 25 of senior year. Transfers: applications accepted beginning September 25 for spring term and March 1 for fall term. Summer session only: applications accepted beginning March 1. Summer session and continuance in fall, same as for freshmen. "Equal consideration period" ends in mid November, after which qualified applicants will be admitted on a first come-first served basis. College of Law: applications accepted November 1. (Should be received no later than March 15 prior to date of entry.) College of Veterinary Medicine: applications accepted October 1. (Should be received no later than March 1 prior to September admission.)	Preference will be given to those applying prior to March 1 for the following fall.	$343.00 per semester (in-state). $838.00 per semester (out-of-state). Includes tuition, service fee, health insurance, and health services. For those in School of Basic Medical Sciences. $536.00 per semester (in-state). $1,031.00 per semester (out-of-state).	$1,100.00 (men) $1,060.00 (women)	Books and supplies $ 140.00 Travel 55.00 Miscellaneous 552.00	$2,493.00 to $2,333.00 Out-of-state add $1,045.00
UNIVERSITY OF ILLINOIS Chicago Circle P.O. Box 4348 Chicago 60680 (312) 996-3000 Men: 11,249 Women: 6,619	Fall, winter, and spring quarters — upper ⅔ of high school class. Lower ½ — third quarter of high school class: ACT composite of 19 or above or SAT of 833 or above. Lower ½ — fourth quarter of high school class: ACT composite of 21 or above or SAT of 902 or above. Out-of-state: top ¼ of high school class. Summer quarter only — graduation from high school. All curricula require a minimum of 15 units, including 3 units in English and 1 each in algebra and plane geometry plus 7 other academic subjects which vary according to desired program. At least 1 additional unit in advanced mathematics required for architecture, business administration, and engineering. Two years of a foreign language required for most programs.	Fall, winter, and spring quarters — cumulative GPA of 2.0 (on 5.0 scale); higher in some curricula. Summer quarter only: eligibility to return to last college or university attended.	Freshmen: applications accepted beginning September 25 of senior year. Transfers: applications accepted after beginning of last term before desired entry date. Deadlines Fall, May 1 Winter, December 1 Spring, March 1	Preference given to those applying before June 1.	$212.00 per quarter (in-state). $542.00 per quarter (out-of-state). Includes tuition, service fee, insurance.	No university housing; see estimated maintenance cost in next column.	Books and supplies $ 180.00 Transportation 204.00 Personal expenses 400.00 Maintenance (meals on campus, room and board at home) 900.00	$2,320.00 Out-of-state add $990.00
UNIVERSITY OF ILLINOIS Medical Center P.O. Box 6998 Chicago 60680 (312) 996-7751 Men: 512 Women: 684	Freshmen eligible for dental assisting program only. Includes tuition, health services, insurance, athletics, concerts.	$1,053.00	Books $ 135.00 Incidentals (parking fees, gym clothes, house dues, lab fees) 90.00 Gym locker deposit 20.00	$1,838.75 Out-of-state add $846.00

FINANCIAL ASSISTANCE AT STATE UNIVERSITIES

All residents of Illinois attending their state universities benefit from the lower tuition rates made possible by state support for higher education. In addition, three basic types of financial assistance may be available to you as a student attending a state university in Illinois: gift aid (scholarships and grants), loans, and part-time employment.

It is not unusual for a student to receive several different types of financial assistance at the same time. For example, a student with financial need of $1,500 may be given a $500 scholarship, a $500 loan, and a part-time job through which he can earn the remaining $500. You need to file only one application form with the financial aid officer of the university you plan to attend and he will assist you in preparing a "package" to help meet your needs.

A brief description of several awards available at *all* state universities in Illinois is provided below. You are encouraged to write to the financial aid officer of the university of your choice for a more complete description of awards offered at that institution.

ILLINOIS STATE SCHOLARSHIP COMMISSION

Scholarships. Basis: ACT scores; class rank, financial need. Renewable. Value: tuition and mandatory fees; maximum of $1,200 per year. Contact: Illinois State Scholarship Commission, 102 Wilmont Road, Deerfield, Illinois 60015, or your counselor.

Grants. Basis: financial need; good academic standing. Renewable. Value: tuition and mandatory fees; maximum $1,200 per year. Contact: Illinois State Scholarship Commission (address above), counselor, or university financial aid office.

NOTE: IF YOU WISH TO APPLY TO YOUR STATE UNIVERSITY FOR FINANCIAL AID, YOU WILL ALSO BE EXPECTED TO FILE AN APPLICATION WITH THE ILLINOIS STATE SCHOLARSHIP COMMISSION.

OTHER FINANCIAL ASSISTANCE

Educational Opportunity Grant. Basis: extreme financial need. Value: up to $1,000 per year from the federal government, which must be equally matched by a scholarship, a loan, or work. Maximum value varies with need. Contact: university financial aid office.

General Assembly Tuition Scholarship. Basis: nominated by your district's representative in the General Assembly. Value: tuition and some fees. Contact: member of General Assembly.

State Scholarship to Veteran. Basis: military service. Value: tuition and some fees. Contact: university financial aid office.

Teacher Special Education Scholarship. Basis: graduate of Illinois high school (upper one-half of class) or holder of valid teaching certificate; must teach two of three years following graduation, or repay State of Illinois amount of benefits received. Value: tuition and some fees. Contact: high school principal, or superintendent of your local educational service region, or superintendent of public instruction.

Adult Teacher Education Scholarship. Basis: twenty-one years of age or older; must teach two of three years following graduation or repay State of Illinois amount received. Value: tuition and some fees. Contact: superintendent of educational service region or superintendent of public instruction.

Vocational Rehabilitation Grant. Basis: must have a disability that is a handicap to employment. Value: based on needs and program requirements. Contact: Division of Vocational Rehabilitation, 623 East Adams, Springfield, Illinois 62701.

National Defense Loan (NDSL). Basis: financial need. Value: maximum of $1,000 per year up to $5,000. Three percent interest begins nine months after graduation (or after student ceases to be at least a half-time student) with ten years to pay (a full-time teacher earns 10 percent credit per year for up to five years teaching service). One hundred percent of this loan may be cancelled if person accepts teaching position in low-income area or if teaching in special education. Contact: university financial aid office.

State and Federal Guaranteed Loans. Basis: financial need. Value: maximum of $1,000 for freshmen, $1,500 a year for others with maximum total (including graduate school) of $7,500. Seven percent interest; six years to pay back. Contact: Illinois State Scholarship Commission (address listed above), university financial aid office, or loan officer of your local bank for State Guaranteed Loan. For Federal Guaranteed Loan, contact university financial aid office.

College Work-Study Program. Basis: financial need. Value: maximum of fifteen hours per week during school year with opportunity for full-time summer employment. Contact: university financial aid office.

Institutional Financial Aid Awards. In addition to the programs listed above each state university may have other scholarship and loan funds available, as well as possibilities for student employment. Contact the university financial aid office for information about additional awards for which you may qualify.

PRE-ENTRANCE TESTING

Each student applying for admission to any of the public institutions of higher learning in Illinois, with the exception of Governors State and Sangamon State, will be required to furnish scores on the test battery administered by the American College Testing Program (ACT). The scores on this test must be forwarded directly from the American College Testing Program, Iowa City, Iowa, to the university concerned.

Each university may require additional tests to meet its individual needs. An applicant should investigate carefully these requirements in the literature and application procedures for the school of his choice. Complete information concerning these tests may be obtained from high school counselors or principals, or by writing directly to the office of admissions at the university of the applicant's choice.

Illinois State University, Southern Illinois University at Carbondale, and the University of Illinois will accept the SAT for admission purposes, but Illinois State requires the applicant to furnish ACT scores as soon as possible following receipt of the permit to enter and Southern Illinois requires ACT scores prior to admission. Eastern Illinois University reserves the right to accept the SAT in place of the ACT requirement.

Published by the Pre-College Counseling Committee of the Illinois Joint Council on Higher Education as a replacement to the bulletin *State Universities in Illinois*. Additional copies may be obtained from the University of Illinois, Office of School and College Relations, Room 351, 409 East Chalmers Street, Champaign, Illinois 61820.
